THOMAS PRINTZ' PRIVATE BULLETIN

No. 20 August 14, 1955

****

Beloved Children so Dear to My Heart:

Will you please open your minds and hearts this day to the stream of love which I consciously direct to you from My own God-free heart and consciousness which holds within it the desire of the Cosmic Holy Spirit (whose Representative I have the great honor to be) for your full illumination and freedom from all the limitation of the appearance world through the authority of the Immortal Three-fold Flame in your hearts - which is your real Self.

Beloved ones, the cooperation between unascended beings and the Brotherhood of Ascended God-free Beings on the planet Earth today is more important than it has ever been. The great Chohans and all those who have taken upon Themselves the responsibility of hastening the evolution of the race are so cognizant and aware of the short time given Them in which to imbue, develop and bring to full maturity every embryonic spirit capable of taking its place as a Light-bearer that they are straining every effort in Their endeavors to acquaint mankind with not only the importance, but the lateness of the hour.

The Earth people (incarnate and discarnate) are divided into seven types, and the Lords of Karma Themselves have issued a fiat to the Representatives of the Seven Rays (the Chohans) that They must, in some way, secure the cooper-

ation of the members of the race who are evolving under Their Rays that these people, through understanding and the desire to cooperate with life, may render all the assistance possible in the awakening of their fellowmen to the need of fulfilling their Divine Plan in the short period of time allotted for this purpose.

In like manner, the seven Archangels have been directed by the Karmic Board with regard to the more speedy evolution of the Angelic Kingdom, and the great Devic Lords have been so notified with regard to the speeding up of the Nature and Elemental Kingdoms.

It is what you may call a 'Cosmic Ultimatum' to all those who took the responsibility of developing an evolution, and these Beings, in turn, are pushing the outer representatives of Themselves to their fullest capacity, inspiring them to do all that is humanly possible to make a personable presentation before the Cosmic Law. So you will see, dear ones, that there is 'hustle and bustle' in Heaven, compared to which the 'hustle and bustle' of the physical octave is as a straw before the wind.

That which is required of the awakened individual is simply that he abide by the law of Love in his everyday existence, as was exemplified by the Beloved Jesus at the beginning of the Christian Dispensation. In this way he will encourage his fellowman to put on the garment of Grace, as well as increase, by his own presence, the luminosity of the Earth, making it possible for her to fulfill the fiat of the Cosmic Law by radiating the full allotment of light required to hold her rightful place in

the solar system. Mankind, as a whole, rarely recognizes a 'cosmic moment' until after it has passed; and the Earth and her people are called upon to pass such an initiation at the present time. The admonition 'he that hath ears to hear, let him hear' might be heeded with advantage by the present generation.

Blessings and Love,

MAHA CHOHAN
